FISH

PASTA

SLICED

Our years of experience in manufacturing guarantee highest quality and precision

With our BLJ Tray sealers you can:

- seal any custom tray
  (meal trays, cardboard punnets & aluminum trays)
- use any current sealing film
- change film or sealing frame within seconds

We can also manufacture individually to suit your needs. Just contact us to discuss and we will find the optimal solution to suit your requirements.

We also manufacture sealing frames for outside machines.

We liaise with different tray-producers and can advise you regarding the range of different types of trays.

All our sealing machines are:

- equipped with a lever mechanism assuring a constant sealing pressure
- provided with a Nano-coated Aluminum heating plate for equal distribution & storage of heat
- made of non-corrosive aluminum and stainless steel
- equipped with an analogue temperature regulator (protected against slop & splash water)
- manufactured with a tubular frame - Hygienic risk is minimised from residue or leftovers
- ready for use within a few minutes, sealing time per tray: 1-3 second

Technical Information

	BLJ Junior	BLJ 1050	BLJ 1110	BLJ 1150
max. tray dimension (L x W)	240 mm x 190 mm	292 mm x 190 mm	292 mm x 360 mm	292 mm x 395 mm
max. foil width	220 mm	220 mm	370 mm	420 mm
set-up area (L x W)	550 mm x 260 mm	650 mm x 260 mm	650 mm x 410 mm	650 mm x 460 mm
power	700 W	1000 W	2000 W	2500 W
optional		*	*	*
